As a supervising teacher you are required to complete a report at the end of each placement, providing an assessment of performance in a number of key areas and comments as an elaboration of that assessment. The report should be discussed with the PST and the acknowledge box should be ticked by both the supervising teacher and the pre-service teacher. Where 2 supervising teachers were mentors, both should complete the report together.

Please verify the total days completed are as reflected in the report. Where total days shown are incorrect, contact the placements team, education.placements@latrobe.edu.au, to advise of the correct total days before completing and submitting this report. The report will be updated with the correct dates/days to allow submission.

It is essential that the supervising teacher report is completed as soon as possible. It indicates whether a pre-service teacher has attained satisfactory skills in the relevant areas, which is a hurdle requirement of the subject, and without it, a grading cannot be made.

The report should be completed with the pre-service teacher **before** the pre-service teacher leaves and submitted to the University promptly.

Once the report is submitted, the Student Placement Coordinator will need to complete the Supervision Claim Form and email this to education.placements@latrobe.edu.au
