

# FOR NSW SYDNEY CAMPUS ENROLLED STUDENTS

## Standard placement dates for 2026 for NSW enrolled students

As securing placements relies on the willingness of schools/centres to provide placements, these dates should be regarded as indicative until confirmation is provided by the Placements, Partnering & Operations Team (PPO). Where placements are unable to be provided to individual students in these dates, the placement team will communicate with you and negotiate alternative dates.

The Course Year corresponds to full time students progressing 'normally' through their course, as described by the relevant course map. **\*Total Placement length and dates may vary, depending on your course requirements.**

## Student Information

If you are enrolled in the above-listed unit(s), unless advised otherwise, you must be available during the dates presented. Students should not have other commitments for these dates. Where make-up days are required, students must negotiate the additional day(s) directly with their placement agency and advise the Professional Experience Team.

Students who are unable to attend placement during the standard block dates must submit a Variation to Placement request via the WBL form. Variations to placement are usually only granted in exceptional circumstances and you will require supporting documentation.

If you are unavailable to undertake placement for the standard block dates listed, your course progression and course graduation date may be impacted.
